

# Children's Rights Activity

Kids learn and grow when they can choose their own friends, set up or join groups, come together to have their say, and have adults who help them to connect safely.

Tell us about something you've done with other kids, and why this is important to you. Did you plan an activity? Talk about an issue? Set up a group? Do something fun together?

You can draw a picture, write a poem or story, make a collage or whatever else you can think of - it's up to you!

A large, white, textured rectangular area intended for children to draw, write, or create a collage. The texture resembles crumpled paper.
